The fascination of flight can't be expressed with words. But it really lies beyond the capabilities of human endeavor. Once you've experienced it, you'll never be able to forget it.

Cover photographs needed for the Logbook

We would really appreciate people submitting photos for consideration for use as the Logbook cover. Cover photos need to be in portrait mode, and should be as high a resolution as possible, preferably 2000 by 3000 pixels or more. Furthermore, the top third of the photo should be sky or some other appropriate background so as not to interfere with the banner of the Logbook.

Reminder: You must have your 2013 Skyhawks Membership Card to fly at the field.

Your current Skyhawks membership card must be placed in your frequency pin slot when you have the frequency clip. Everyone must use a frequency clip. Thanks.

Club Meeting Minutes

August 4, 2013

The August meeting was at the field, a break in the flying activities at 7:00. Todd opened the meeting with ten members present.

Treasurer's report: Randy gave the report, and we have 72 members at this time.

Secretary's report: Jim read the minutes from the July meeting.

Old business: David Wendell will be at the Senior Center in Marion on Sunday, August 18th. An e-mail will be sent out by Todd with information about this event.

Conversation In History will be at Mercy on Sunday, August 11th. Honor Flight will be there. Warbirds Over Iowa will have a table and some planes for static display.

Warbirds Over Iowa had 28 pilots and 52 planes attend this year. 20 yellow "helper" shirts were given out to those that volunteered. Todd gave a special thanks to the people

assisting in parking, as they did a great job. There was comments on RCU about the good times had by all at W.O.I.

Skyhawks website: Thanks to Randy Lepsch for taking this duty and doing a great job with it.

New business: Owatana is the weekend of August 9.

Warbirds and Classics at Fondulac is the weekend of August 16.

Show n' tell: Kyle Smart explained how his "toe control" rudder system works. A special project by Kyle's dad, Joel, and Rich Dean produced this excellent rudder control for Kyle. Kyle does an awesome job flying his RC plane, and says this new rudder control system will give him even more control for aerobatic maneuvers.

Meeting adjourned: Meeting closed at 7:30 pm, flying continued, it was beautiful flying conditions.

Skyhawks Secretary, Jim Buttleman
