“The Skyhawks are a great partner and add a wonderful recreational element to our city.”

Daniel Gibbins, ISA
Former Parks Superintendent
Cedar Rapids Parks & Recreation Department

All club members must read and follow the safety rules. They are available on the website.

Reminder: You must have your current Skyhawks Membership Card to fly at the field.

Your current Skyhawks identification badge must be worn when you participate in a flying activity. If you are flying on a 72 MHz frequency or Ham band, you must use a frequency clip. Thanks.

Cover photographs needed for the Logbook

We would really appreciate people submitting photos for consideration for use as the Logbook cover. Cover photos need to be in portrait mode, and should be as high a resolution as possible, preferably 2000 by 3000 pixels or more. Furthermore, the top third of the photo should be sky or some other appropriate background so as not to interfere with the banner of the Logbook.

Skyhawks Meeting Minutes

August 4, 2019

Todd opened the meeting at 7:00 PM. There were 15 members present for the meeting.

Geoff gave the treasurer's report; we are currently at 82 paid up members for 2019 season.

Old Business:

Electric Fly had 20 entries for the event.

Warbirds Over Iowa had 28 pilots attend the event. There is a link on the website for a video of the event. Todd was on Show-You-Care Wednesday morning prior to the event and explained what the event was about and that we raise money for Honor Flight. Todd submitted volunteer information to the AMA for a possible grant.

Mark Barnett will want volunteers Friday for to help set up for the Pattern Flying Event on Friday night to help set up the tent. If you are interested in flying pattern, contact Mark. Just a reminder the field will be closed from Friday 2:00 PM until Sunday 2:00 PM for the pattern flying event on August 23-25, 2019.

New Business:

Just a reminder to pilots, make sure you are standing in the stations while flying. Some are standing outside of the stations. We had a plane crash into a station and fortunately the person flying was in the station and was not bothered by the plane that crashed into his station. Its important we are following the rules at the field while flying.

Electric flyers should only arm their planes at the flying stations and not in the pits.

Todd talked about a couple upcoming Warbird events; Owatonna MN and Fond Du Lac WI.

Show-n-Tell:

Kip showed off his plane that he recovered. Looks great!

Gene brought a new plane he built; a Sensei and he installed LEDs on it.

Kip showed off stands he made from audio stands that he had to help hold his planes.

Meeting adjourned at 7:35PM.
